Impressions*

*Let composers from Spain to Mexico,
take you on an unforgettable journey.*

*They will take you to the sun, where
everything feels just right. But also to the
drakness, where the light is hard to find.*

*Catch a glimpse of these
composers. Let them take you on a
journey.*

*From the Spanish compostelana,
to warm Mexico and yes, even to
space.*

An impressionistic painting of a sunset over a body of water. The sky is a mix of warm orange, yellow, and blue tones. A bright red sun is visible in the upper right. A path of red petals or leaves leads from the bottom center towards the horizon. The water is dark blue with some lighter blue and green patches. The overall style is soft and painterly.

Whether conveying the colour and heat of Spanish music, the melancholic character of Latin-American music, or the pure joy that comes from performing Jazz Standards, the ability to tell a story through the guitar is what captivates and feeds Maya's soul.
